

NYKHA Vaccination Policy Accommodation Procedures

The North York Knights Hockey Association will comply with human rights obligations and accommodate individuals who are legally entitled to an exemption. Any person requiring a medical or religious accommodation to the vaccination policy will be subject to certain terms. Terms could include isolation from certain common areas, limiting access to dressing facilities or pick up/drop off alternatives.

An individual who is seeking an Accommodation is required to follow the GTHL vaccination policy accommodation procedures and complete the [GTHL Vaccination Policy Accommodation Request Application forms](#). By way of process, an Applicant will complete one of two forms:

1. [CREED/RELIGION ACCOMMODATION](#) or,
2. [MEDICAL ACCOMMODATION](#)

Once the appropriate form has been properly completed, it is to be uploaded [HERE](#). This link is also contained in the application form itself.

This is the only method by which an Accommodation application will be accepted. Once an application has been submitted, the GTHL review process will be conducted. An incomplete submission will result in the request being denied.

The Applicant can expect to receive an email response in no more than 14 days. There will be one of two responses: **Approved or Denied**.

The response time from the GTHL will depend upon the number of requests received. If the applicant is approved, they will receive an email notification that is to be provided to the NYKHA. A notification of approval will replace the need for the Applicant to provide proof of a second vaccination dose. This notification may stipulate conditions that must be followed by the Applicant.
